

TOILET SEAT SANITIZER

Clean, sanitize and protect – personal hygiene protection, away from home

Of all the washroom fixtures or surfaces with which skin contact is made in normal use, the toilet seat is undoubtedly the most heavily contaminated. Even seemingly clean toilets seats harbour vast numbers of harmful bacteria. Easy to use, Safeseat provides the individual with the opportunity to clean and sanitize the toilet seat before use.

- Installing Safeseat® toilet seat sanitizer system is a positive demonstration of commitment to staff, visitor and customer welfare.
- For use in washrooms in public houses, hotels, restaurants, offices, retail premises and schools/colleges.
